

**NEW BRUNSWICK**  
DELICIOUSLY CANADIAN

# SWEET BY NATURE

Deliciously Canadian

# MAPLE SYRUP

- Part of our Canadian culture.
- Versatile, 100% natural sweetener.
- High in antioxidants, rich in minerals and vitamins.

New Brunswick's liquid gold has been sticking with consumers for years. Maple syrup is a delicious natural sweetener boasting a wholesome, rich flavour and many nutritional benefits.

Our 100 per cent natural maple syrup contains nutrients from maple trees, making it an excellent substitute for highly processed sugars. New Brunswick's versatile maple products are a sweet solution to enhancing a variety of dishes in an unforgettable way.

From climate to soil, New Brunswick's rich forests create a uniquely flavourful sap that gives our maple syrup its world-renowned taste. We created and developed a sustainable maple industry built on high-quality standards and the careful management of the natural resources that produce these sweet and delicious products!

Using the latest technology and scientific advances, New Brunswick maple producers continuously comply with international food and safety standards, adhering to strict guidelines set forth by Canadian law. We also have the connections to spread our maple syrup far and wide in over 40 countries!
